Fellows hall, 520 Dana
St in San Luis Obispo,
CA

Meetings are held on
2nd Saturday of the
month
Start time 9:00 AM
Next Meeting
December 14th

DEMONSTRATION TIME

The next few weeks will offer woodturning demonstrations which we have not had in a while.

Starting on Sunday CCW and Bill Kandler will host Mark Gardner for an all day demonstration. Mark will bring some of his styles and features for all to witness', Remember the date , time and place.

SUNDAY Nov 17th, 9:00 AM Bill Kanders shop 792 Phillips Road in Arroyo Grande.

Be reminded that members will pay \$25.00 and non members \$35.00

On Saturday December 7th there will be a demonstration by Eric Holmquist of Connecticut. Eric will start with turning thin walled vessels. That will be a lead in to a piercing demonstration by which will come a different form of embellishment to the vessel by the use of high speed dental drills and burrs.

To further add to the vessel, Eric will show the use of coloring. The site for this will be in George Paes' shop, start time is 9:00 AM. This will only be a 3+ hour demo and there is no fee

The next demo is quite awhile away but time to prepare for an all day session with David Ellsworth. David is the original president of AAW and his work is displayed all over the world. The date for the Ellsworth demo is March 14th 2014. More info as it is certified

More Announcements

Upcoming Symposiums, June 2014 Phoenix AZ will be the site for the next AAW symposium. Phoenix is within drivable distance so some consideration should be given for attending

Pittsburgh, PA will host AWW in June 2015, Good chance to travel East to the Steel Capitol.

As mentioned at the meeting, we have lost the wives of two former members Bill Badland Lost his wife Jan after a long illness, Bill dedicated his time to her care. Saturday we welcomed Bill back in the fold.

Norma Bickford, wife of Wayne Bickford also passed, There will be a memorial service for her at the Benidict -Rettey Mortuary located on 1401 Quintana Road, in Morro Bay on Saturday Nov 16th at 2:PM.

Announced was a contest for cash prizes and goods by the Min-wax Company. There were 3 members requesting info on the contest, they were sent by e-mail the needed info. If anyone has 2nd thoughts on entering, contact George Paes and I'll forward it to you, don't hesitate, it closes late December

The Utah Woodturning Symposium will be held at the Utah Valley University in Orem. The dates are May 15,15, & 17. Craft Supplies will host Super Wednesday on the 14th in their store in Provo.

Challenge for November

Challenge was to turn something of use
Bill Peterson Started with a rolling
pin and Salt and Pepper Mills

Everett Eislén designed a cup and lid to
fit in cup holder in his car

Dave Burns with his Screw driver handle

Bud Malley with his Wood spoon

Bob Gleason with his Theme Pens

Anita & Bob Gleason with the finished Afghan 49 Squares

Mike Rude with Yarn dye from the colors of wood he works with

Doug Brown show how he recycles broken wine glass stems with wood stems

Mike Malkin shows "Tees" to show round marble balls

John Long with copy of a wine bottle cork inserter

Joe Mansfield recycled a lamp that had an accident and refurbished with wood

Dan Ross explaining his Salt Mill

Rick Hasseman offering his latest goblets including a NON leaker Oak goblet

Kenny Moore showing the 1st of more to come measuring scoops, this one 1tsp

Wally Wiebe from Visalia with his sister Barbara visited and showed several segmented items of use

Noah Lemus, our new and youngest member shows his pens with ornamentation Welcome Noah

Walt Ross a fairly new member with a case full of pens.

The challenges for November were well received which leads us to December, that being a "HOLIDAY THEME" turning. Consider it as a possible exchange gift for the holiday luncheon

A suggestion to those planning on taking on the demo on Sunday, we break for lunch so you can bring a lunch or go to Arroyo Grande for sam,

A sample of Wally Wiebe's work I forgot how many pieces he mentioned
